Personal Protective Equipment Procedural Policy

Rationale

The Rangiora High School Board of Trustees is committed to ensuring the health and safety of all workers, students, visitors and contractors by complying with relevant health and safety legislation, regulations, New Zealand standards, and approved codes of practice.

Purpose

The purpose of the Personal Protective Equipment (PPE) policy is to protect our workers from risks we have in the workplace. PPE is not a substitute for more effective control methods. It is considered when all other means of hazard and risk control are not satisfactory or possible. It will be used with other controls unless there are no other means of control.

Guidelines

Scope

This procedural policy applies to and is to be followed by all of our workers and others at the school. This includes all members of the School's leadership team, workers, contractors, temporary workers, volunteers and visitors.

The Board will consult, cooperate and coordinate with other workplaces on PPE that is to be used. For that reason, this policy can also be applied where an adequate PPE policy does not exist at other workplaces.

Standards

- we will meet the requirements of WorkSafe NZ Regulations
- our people must have access to PPE when it is required
- PPE must meet the relevant AS/NZS compliance standards -
 - equipment provided must fit the person correctly for example: hard hats/helmets fit and adjusted correctly
 - foot and eyewear must be the right size
 - our people must be trained in using the PPE
 - PPE must be maintained in good condition and available for use when needed.
